

Home

Welcome to Food Tourism's discovery tours, food safaris,

cookery courses and gastro adventures to bring you.....

Herefordshire on a Plate

Shropshire on a Plate

Worcestershire on a Plate

Wales on on a Plate

all centred at Lower Buckton Country House on the north Herefordshire/south Shropshire borders where England meets Wales.

Discover food that really matters and drink that quenches more than thirst. Visit local growers and producers who will share their specialist knowledge and experience with you as you enjoy a chauffeur-driven discovery tour in the company of Henry and Carolyn Chesshire who have lived in this quiet and tranquil area all their lives and know just where to seek out the best locally produced food and drink. Learn how to become a locavore and enjoy a culinary mystery tour where "eat the view" has a whole new meaning.

Attention all Food Lovers - a Food Safari is the perfect day out - gather some friends, relations or work colleagues and eat your way through the day ideal for birthday presents, hen and stag parties, works outings, reunions and celebrations or just a trip down memory lane when life was in the 'slow' lane and food was simple, tasty and true.

Latest news..... Carolyn is organising a PIG SAFARI on Sunday 11 April which is to be recorded for BBC R4's Traveler's Tree to be on air in May. More information nearer the date.....

Mortimer Country Food Fair on Saturday 10 July 2010
